| <ol style="list-style-type: none"> 1. Adhere to an annual procedure for: approving a preliminary budget; setting tuition; distributing re-enrollment forms; advertising externally; enrolling new students; and managing withdrawal/refund requests. 2. Develop and implement a comprehensive Marketing Plan in order to increase enrollment and retain current students 3. Develop and implement a comprehensive Development Plan in order to better leverage support from alumni, current families, and the community 4. Ensure fundraising coordination between the PTO and administration | <ol style="list-style-type: none"> 1. Attract and retain a diverse faculty aligned with the school's mission and vision. 2. Ensure clear roles and responsibilities for all staff members 3. Further expand opportunities for Professional Development to leverage innovative teaching techniques, with an emphasis on Blended Learning. 4. Continually evaluate faculty (and provide meaningful feedback) in order to better ensure incorporation of best teaching practices. | <ol style="list-style-type: none"> 1. Ensure a future-focused learning environment by developing a comprehensive Facility Plan which addresses both exterior and interior aspects of the school. 2. Develop and implement a comprehensive Technology Plan that is aligned with the school's new vision and strategic goals 3. Develop and implement a comprehensive plan to ensure systematic replacement of learning resources, including textbooks and technology. 4. Improve communication by establishing a single platform School Information System | <ol style="list-style-type: none"> 1. Develop a new vision statement 2. Adopt a STEAM program to better align & leverage the school's existing science, math, technology, music, and art curriculums. 3. Gradually adopt the IB-PYP to promote Global Understanding and reinforce the school's founding four tenets by emphasizing the inquiry-based philosophy of education. 4. More effectively articulate the curriculum to all stakeholders 5. Further expand and improve student support services 6. Provide for frequent & ongoing review of the written, taught, and assessed curriculum |

Our vision is for Valley Preparatory School to be a 21st century learning institution that graduates students who are confident communicators, critical thinkers, and problem solvers. These students will be motivated to engage in life-long learning and empowered to achieve personal and educational goals in a culturally diverse, local, national, and global community. The graduate will be a highly literate and well-balanced student with an appreciation for the arts and world languages. In addition, he or she will demonstrate the ability to acquire knowledge and access information using well-developed technological skills.
